

**The 2013 University Physics Competition  
Results Announcement – January 15, 2014**

We are very pleased to announce the results of the fourth annual University Physics Competition. The University Physics Competition is an international contest for undergraduate students, who worked in teams of up to three students at their home colleges and universities all over the world, and spent 48 hours during the weekend of November 15, 16, & 17 2013, analyzing an applied scenario using the principles of physics, and writing a formal paper describing their work.

In this year's competition 121 teams submitted papers for judging. 52 teams selected "Problem A - Gravitationally Assisted Jupiter Orbital Entry" and 69 teams selected "Problem B – Extraterrestrial Life."

For Problem A, the Gold Medal Winning Team was:

**Team 538: Shouzhen Gu, Shun Da Suo, & Wuhan Zhou**

**Institution: University of Waterloo**

**Faculty Sponsor: Robert Mann**

For problem B, the Gold Medal Winning Team was:

**Team 611: Ryan Endsley, Christina Kreisch, & Nathaniel Stein**

**Institution: Washington University in St Louis**

**Faculty Sponsor: Francesc Ferrer**

Of the 121 paper submitted in the 2013 University Physics Competition, 2 teams (1.7%) were ranked as Gold Medal Winners, 22 teams (18%) were ranked as Silver Medal Winners, 32 teams (26%) were ranked as Bronze Medal Winners, and 65 teams (54%) were ranked as Accomplished Competitors.

We extend our sincerest congratulations to each of the 121 competing teams for their excellent work and their enthusiasm for physics!

Kelly S. Cline

Carroll College; Helena, MT
